WALK-IN HOURS

We are happy to announce beginning AUGUST 5, 2019, we will be offering walk-in hours for the convenience of our established patients and their families.

Walk-in hours/quick sick visits will take place Monday AND Friday from 8:00 a.m. to 10:00 a.m. on a first come, first served basis.

Walk-in hours are for "quick sick" routine, straight-forward health problems for children over the age of SIX months. Examples of "quick sick" problems include:

- Sore throat
- Earache
- Cough
- Fever
- Rash
- Runny nose

During busy times of the year, you may have a wait. Therefore, we encourage you to come as early as possible during walk-in hours. When walk-in hours are full or if your symptoms do not meet the above criteria, you will have the opportunity to schedule with your provider during regular office hours.

Please note: Walk-in hours may be limited or unavailable during inclement weather events. Please call the office before coming to ensure we are open.
